VIDYA BHARATI

Covid 19 School Survey Report

9th May 2020

Since the end of March, our country has been reeling under a lock down due to Covid 19 pandemic. With the intent of social distancing all schools and colleges had been closed and the students, as well as the teachers were asked to stay back at home.

In such a scenario, several Vidya Bharati schools turned to usage of varied tools and technologies to teach their students, so that their studies did not get hampered during the time.

Vidya Bharati Purv Chatra Parishad conducted a survey through sample study of 100 selected Vidya Bharati Schools across the country to identify, which tools and technologies were used to communicate with the students during the lock down period and resultant drawbacks.

The survey was conducted with the help of combination of google survey form and telephonic interviews with school and Pranta representatives.
